SPRING 1936

Hardy
American Ornamental
Plants

FOR IMMEDIATE EFFECTS

All Strong, Nursery-grown Plants
Unless Otherwise Stated

CASH DISCOUNT, 10 PER CENT, including free packing, on orders received before
March 1, 1936.

GARDENS OF THE BLUE RIDGE

E. C. ROBBINS, Nurseryman

Ashford, McDowell County, North Carolina

Our long experience in the nursery business should recommend your careful consideration before buying elsewhere. Satisfaction guaranteed.

Visitors Are Always Welcome, and Are
Invited to Inspect Our Stocks

PACKING AND GRADING

Will be done in the most careful way. Orders will be packed to insure arrival in good condition. Shipments will be delivered to the local freight, express, or post office at prices named in this Catalog. All shipments delivered at cost and risk of customer. Certificate of inspection attached to all shipments. We specialize in carload lots.

REMITTANCE OR REFERENCE

Should accompany orders from unknown correspondents. Discount of 5 per cent on cash orders received after March 1, 1936. All bills due and payable 30 days from date of invoice.

SHIPPING INSTRUCTIONS

Should always be given fully, unless you prefer to leave to our best judgment. In this we assume no risk, our responsibility ceasing upon receipt of signed bill of lading by forwarders. All claims for damages in transit must be handled by consignee.

CLAIMS

All claims for errors must be reported upon receipt of goods and will be rectified promptly. Unless this is done we can accept no responsibility of any kind.

No GUARANTEE is made that stock will grow, whether planted by us or not. As we have no control over after-treatment or weather conditions, the purchasers must assume all risks after stock leaves our Nursery in good condition.

In no case shall we be held for damage exceeding original purchase price and only to this extent when proper proof is furnished that stock has been wrongly labeled.

All orders are accepted and filled on these terms, unless otherwise agreed.

SPRING SHIPMENTS are forwarded according to customers' wishes and subject to conditions beyond our control, March 1 to May 15. PLEASE ORDER EARLY.

Landscape Architects, Nurserymen, and Large Planters

Find this stock particularly suited to their requirements. Those who have known us longest are the largest users of our products. Prices reasonable to the extreme, quality considered. Your correspondence is invited and your orders will be given prompt attention. Send your list of requirements as quickly as possible to insure getting the stock in good time for planting.

All claims for errors must be reported upon receipt of goods and will be rectified promptly. Unless this is done, we can accept no responsibility of any kind.

NOTE: For fuller details, consult our complete catalog. Copy will be mailed promptly for the asking.

SPECIAL OFFER—100 Assorted Perennials, our selection furnishing a succession of flowers from early Spring to Fall, for only \$9.50. An assortment of 1000 plants for \$85.00 **SATISFACTION GUARANTEED.**

LEAF-MOLD—NATURE'S PLANT-FOOD

This is the food nature provides for Azaleas, Rhododendrons, Kalmias, Leucothoe, Andromedas, Hemlocks, Pines, Ferns, Lilies, Williams, Native Orchids, and Perennials. Leaf-Mold gives the proper acid elements to the soil, insuring the best root-systems,

foliage, and flowers. Valuable for old or new lawns. Leaf-Mold is collected from old *Rhododendron* beds, without artificial or chemical treatment.

5 *Heuchera americana*. American Alumroot. Greenish white flowers in June. Foliage mottled bronze in late fall.

5 *Houstonia purpurea*. Mountain Houstonia. Purple flowers all summer. Height 6 to 12 inches.

5 *Xerophyllum asphodeloides*. Turkeysbeard. White flowers on spikes 3 to 5 feet tall.

5 *Yucca filamentosa*. Common Yucca. White bell-shaped flowers in July and August, on spikes that may be 6 feet or more in height.

200 lbs. \$2; ton \$12.50; carload (20 tons) \$185. Shipped in bags

PLANTS FOR THE ROCK-GARDEN

5 *Leiophyllum buxifolium prostratum*. Allegheny Sandmyrtle.

10 *Sedum ternatum*. Mountain Stonecrop. White flowers in early spring.

5 *Habenaria ciliaris*... Yellow Fringe-orchard. Handsome yellow flowers.

5 *Dicentra eximia*... Fringed Bleedingheart. Deep rose flowers and fern-like foliage all summer. Height 10 to 18 inches.

5 *Campanula divaricata*. North Carolina Harebell. Pale blue, bell-shaped flowers in early summer. Height 12 to 18 inches.

5 *Asclepias tuberosa*... Butterflyweed. Orange or red flowers. Height 15 to 24 inches.

Five to 10 plants of each variety (55 plants in all) for only \$7.00.

Cultural Directions for Azaleas, Broad-Leaved Evergreens, and Similar Plants

Azaleas, *Kalmias*, *Leucothoe*, *Pieris*, and *Rhododendrons* are acid-soil plants and will not succeed well in limestone soils. A deep, porous soil is essential. The ground should be excavated to a depth of about 2 feet, working in leaf-mold, humus, or well-rotted stable manure. This mixture must be worked in carefully and packed tight around the roots. Fill in the excavation with rotted sods, muck or peat soil, mixed with a small quantity of sand.

The plants should be set the same depth as in the nursery, which is shown by the earth-line near the base. After planting, mulch with several inches of leaves or light litter, allowing this mulch to remain around the plants, and renew it annually in the autumn. A thin covering of rich soil may be used to advantage in holding mulch in place and to assist in decomposition. The mulch also tends to keep the soil cool in summer and protects against freezing in winter. If these simple instructions are observed, your planting of Broad-leaved Evergreens will be entirely successful.

For use in beds of Rhododendrons, Azaleas, and other similar plants we recommend the following: Galax, Shortia, Ferns, Orchids, Lilies, Trilliums, Cimicifugas, Iris, Polygonatums, Sanguinarias, and most of our other perennials.

DON'T DELAY . . .

Spring Planting Days Are All Too Few

Each spring day is precious. The earlier the growing plants can get started in their new homes the better the results will be. So don't delay. Get in touch with us today and let us talk over your gardening problems with you. Although every day now will be a busy day, we are prepared to take care of any of your needs.

SPECIAL COLLECTIONS OF FOUNDATION PLANT MATERIAL

These collections are valuable to home-owners who are not entirely familiar with Broad-leaved Evergreens. The plants are from my regular stock, and I feel sure they will please you when they arrive—and for many seasons thereafter.

Special Collection No. 9

Azalea arborescens. Sweet White Azalea. Fragrant white flowers in spring and early summer.

Azalea calendulacea. Flame Azalea. A native species. Color varies from orange to canary.

Azalea canescens. Piedmont Azalea. Pink and rose.

Azalea nudiflora. Pinxter Bloom. Deep pink flowers.

Five plants of each, 18-24-in.

(20 plants in all), for only
